PROFILE SUMMARY

BTech Computer Engineering student (Class of 2026) specializing in Android app development, Firebase integration, and UI/UX design. Well-versed in creating intuitive mobile applications with robust backend connectivity. Proven track record of successfully delivering diverse projects such as library management, water management, and maintenance request apps, showcasing adept problem-solving abilities, meticulous attention to detail, and proficient project management. Actively seeking a software development internship to acquire real-world exposure, sharpen technical proficiencies, and partake in pioneering software innovations.

EDUCATION HISTORY

Graduation

Course	B.Tech/B.E.(Computers)
College	NMIMS University, Shirpur
Year of Passing	2026
Grade	3.0/4

Class XII

Board	CBSE
Medium	English
Year of Passing	2022
Grade	60-64.9%

Class X

Board	CBSE
Medium	English
Year of Passing	2020
Grade	80-84.9%

PROJECTS

Library Management App, 20 Days

This app helps manage a library system where users can browse books, borrow or return them, and check due dates. Admins can add, update, or remove books from the catalog. User and admin logins have different access rights.

SOCIAL LINKS

- <https://github.com/JD1304>

FixMyRoom App, 20 Days

This app allows students in hostels to raise repair/maintenance requests for their rooms. Admins receive these requests and can update their status (Pending, In Progress, Completed).

Little Lemon Theme, 10 Days

Developed a comprehensive website UI/UX for 'Little Lemon', a fictional Mediterranean restaurant, focusing on creating a clean, friendly, and food-centric design for both desktop and mobile platforms.

OTHER INTERESTS

Table Tennis, Exploring New Technologies, Listening to Podcasts

SOFT SKILLS

Communication Skill

Teamwork & Collaboration

Time Management
