B. TECH COMPUTER ENGINEERING

Name: Jash Desai
Date of Birth: 13 April 2004
Contact No: 9327357667
E Mail Id: jashdesai1304@gmail.com

OBJECTIVE:

As a 3rd-year computer engineering student, I have developed a strong foundation in various aspects of the field. Through my coursework, which includes Data Structures, Algorithms, Computer Networks, Database Management Systems, and Object-Oriented Programming, I have gained a solid understanding of the theoretical concepts and practical applications of computer engineering. I am proficient in programming languages such as C++, and Java, and I am familiar with web development technologies like HTML, CSS, and JavaScript. My experience with databases and SQL, along with my knowledge of data structures and algorithms, has equipped me with the necessary skills to tackle complex problems. I am also adept at using version control systems like Git. Additionally, I have completed an online course on Cloud Computing, Introduction to app development, Version Control and received a certificate of excellence for outstanding academic performance. I am eager to apply my knowledge and skills to real-world problems and contribute to the growth of the organization through an internship or entry-level position in the field of software development or computer engineering.
